

## 2008 PTC Winter Heat Series – Tempe Town Lake 10K Results (1/22/08)

It was a nippy 39 degrees at 8:00am on Sunday at Tempe Town, but that didn't stop Dan Beaver from getting down to the bare necessities and going shirtless for an overall win at the PTC Winter Heat Series / Tempe Town Lake 10k run. Dan ran with the lead pack from the start but at mile two put down the hammer to pull away from the field and finish the 6.2 mile course two minutes ahead of 2nd place overall finisher Jim Naroski and 3rd place overall finisher Joe Gervais. The 1, 2, 3 overall finish by Dan, Jim and Joe also decided the top three men's 35-49 age group division followed by Jeff Daub, Clif Anderson, Kevin Flynn, Dan Hull & Jim Hoppes.

Tom O'Brien had the fastest time in the men's 34 & under division, and his first place division win vaulted him to the number one position in not only the 34 & under division but also the overall men's leader of the winter heat series after two events. 10k Second and third place went to P.J. Allen, and Trevor Gervais.

For the women, Rebecca Tschider retained her position as the series overall women's leader with a 1st place finish in the women's 34 & under division which also represented the fastest women's time for the 10k run. Mary Knott took second in the division. And last but not least, Judy Kamela had a dramatic victory in the Women's 35-39 division, in record time, that moves her into first place in the series point standings for Women 35-49.

### Other significant race notes:

-Jim Hoppes ran with one the Daub/Tschider k-nines and the dog finished ahead Jim by the length of a leash.

-14 year old Trevor Gervais' 10k race effort was twice as long as his previous longest run. Think about it...if your longest run EVER was 10 miles would you enter a 20 mile race?? Way to go Trevor!

### PTC Winter Heat Series Standings After Two Events
